## INTRODUCTION

Many people with disabilities or the elderly live and wish to continue living independently in their homes and communities. Others live in institutions but would like to return to the community. Historically, locating appropriate and affordable housing is often a major barrier for persons who want to continue living in a community setting and those who want to move from an institution to the community. Today, you have more options for remaining in the community and alternatives to placement in a nursing home or other institutional care setting. If you would like to stay in your home or in the community and you meet certain requirements, you may be eligible for housing assistance through state, local and federal funding resources. For those who need supportive service to stay in the community please refer to the *Home and Community Based Services* booklet.

This booklet explains housing resources that exist in Missouri. The resources may be funded through state or federal revenue or private pay. Many persons with disabilities or the elderly may qualify for **Medicaid\***. The

for housing, other than in institutions. This booklet is designed to assist you as you seek a place to live. Some of the topics covered include: available programs and requirements, application process, contacts, resources and terms.

There may be additional programs available in your local community. Check with the local Independent Living Center or other disability advocacy organizations.

## **WHAT ARE MY OPTIONS?**

What types of programs are available?

Housing assistance typically falls under the following categories:

- Rental Assistance
- Home Purchasing Program
- Home Repair/Weatherization Assistance
- Home Access Modifications

The housing assistance you qualify for and choose will depend upon your needs and resources. However, all programs are not available statewide.

## HOW DO I QUALIFY?

Generally speaking, when you apply for housing assistance you will probably be asked for the following documentation:

- Proof of household **income\*** for the previous twelve (12) months
- Social Security documentation for all household members over one year of age
- Photo identification for the head of the household
- Proof of residency (could be a utility bill or voter registration)
- Proof of disability (if applicable)

How you qualify for housing assistance differs from program to program. You may contact any of the housing assistance agencies listed in the back of this manual to apply for local housing programs. If you are unsure about the available housing assistance programs in your area, or what your needs are, you may contact your case manager, service coordinator/worker, social worker, or your local housing assistance provider.

\* Please see the glossary at the back of the book for a more complete definition.

## **FINANCIAL ELIGIBILITY**

Some housing assistance programs have a financial requirement or may charge a co-payment to receive assistance. These options may be discussed with your case manager/worker, service coordinator, social worker or housing assistance provider to determine programs for which you might be eligible.

## **WHO CAN HELP ME APPLY?**

Many community organizations or state agencies providing case management services can help you apply for housing assistance. They also can help you decide which programs and locations are right for you. Some of these organizations include the **Area Agencies on Aging\*** or **Centers for Independent Living\***, Missouri Department of Mental Health Regional Centers, Community Mental Health Centers, Bureau of Special Health Care Needs and the local Division of Senior Services and Regulation offices (see list in back of this booklet). You can have family members or friends help you complete the application.

\* Please see the glossary at the back of the book for a more complete definition.

## **WHEN CAN I ACCESS HOUSING?**

Once it is determined you qualify for housing assistance, your name may be placed on a waiting list with other individuals who are qualified but are waiting for a housing opening. Length of time on a wait list will vary geographically around the state. Be sure to ask the agency representative when you can access housing.

## **WHAT DO I HAVE TO PAY?**

Based upon the program, you may be required to pay a portion of the cost of your housing.

## **WHAT IF I CURRENTLY RESIDE IN A NURSING HOME, RESIDENTIAL CARE FACILITY OR ICF/MR\*?**

Some people who are capable and interested in living in the community are currently residing in a nursing home or an Intermediate Care Facility for Persons With Mental Retardation (ICF/MR)\*, such as a habilitation center. The United States Supreme Court has ruled that people with disabilities and seniors have a right to receive

\* Please see the glossary at the back of the book for a more complete definition.

services in the most integrated setting and move out of institutions and into the appropriate community setting chosen by the person. If you are in a nursing home or **ICF/MR\*** and you are interested in receiving housing assistance and **home and community-based services\***, help is available. You can call the nursing home ombudsman, your local **Center for Independent Living\***, (listed in the back of this booklet) the Missouri Department of Health and Senior Services (DHSS) Hotline at 800/235-5503, or the Missouri Department of Mental Health (DMH) at 800/364-9687.

## **HOW CAN PERSONS WITH DISABILITIES AND THE ELDERLY IMPACT THE NUMBER OF HOUSING UNITS CONSTRUCTED FOR PERSONS WITH LOW INCOMES?**

The state of Missouri and each entitlement city or county (St. Joseph, Kansas City, Joplin, Springfield, Jefferson City, Columbia, St. Charles, St. Louis County and St. Louis City) are required to have a 5-year **Consolidated Plan\*** that is updated each year. The use of federal housing funds administered by these areas must be outlined in

\* Please see the glossary at the back of the book for a more complete definition.

this plan. Also, a public hearing is required annually. It is important that people appear at these hearings and speak out for the type of housing that they want and need in their community. This advocacy effort may take more than one year to see results, but can be effective in the long run.

There is almost always legislation or budgetary action at the state and federal levels that will have a positive or negative impact on availability of affordable and accessible housing. Contact the Governor's Council on Disability or the Statewide Independent Living Council to get involved or to locate another advocacy agency in your area.

**Non-Cash Assistance Payment loans (Non-CAP)\*** are offered at a somewhat lower interest rate, usually .75% to 1% below the CAP rate. These loans are best for buyers that have adequate funds to pay their own down payment and closing costs. Non-CAP funds are available for existing and new homes.

ety of other support services to Habitat affiliates worldwide.

Through volunteer labor and donations of money and materials, Habitat builds and rehabilitates simple, decent houses with the help of the homeowner (partner) families. Habitat houses are sold to partner families at no profit, financed with affordable, no-interest loans. The homeowners' monthly mortgage payments are used to build more Habitat houses. Habitat is not a giveaway program. In addition to a down payment and the monthly mortgage payments, homeowners invest hundreds of hours of their own labor "sweat equity" into building their Habitat house and the houses of others.

Habitat houses are affordable for **low-income\*** families because no profit is included in the sale price and no interest charged on the mortgage. Mortgage length varies from seven to 30 years.

Forty-seven affiliates are listed for Missouri at <http://www.habitat.org/local/> or check your local telephone book.
