

Accessible taxis are available now in St. Louis

Airport Best Taxi Services, LLC, in collaboration with Paraquad, a Center for Independent living , has added four accessible vehicles to its taxi fleet and is providing regular taxi service for people with disabilities. The rates and hours of operation will be the same as all other taxis.

Currently, the Americans with Disabilities Act does not require taxi companies to have wheelchair accessible vehicles in their taxi fleet. The Federal New Freedom grant is designed to fund projects that go above and beyond the Americans with Disabilities Act. Paraquad seized this funding opportunity to fill an unmet need in St. Louis.

Metro West purchased accessible taxis , too.

Call Airport Best at 314 781 1515. You can call Metro West at (636) 272-8294 for accessible taxi 's services .
