A customer whose service was disconnected and then re-connected can be charged a monthly fee over a twelve month period. The fee cannot be more than five dollars. It can be charged in addition to the one-time fee. A customer will not be required to pay a balance

SB 270 - Schaaf

This act modifies provisions relating to public utilities

Only the section related to people with disabilities is summarized.

Currently, water, sewer, electric and gas utilities may terminate utility service for nonpayment of a delinquent utility bill, except when the Hot Weather Rule and Cold Weather Rule is in effect for electrical and gas corporations. This act repeals all termination of service provisions for nonpayment of a delinquent utility bill, and instead prohibits utilities from terminating service due to nonpayment of a delinquent utility bill.
