Under this act, the "Caregiver, Advise, Record, and Enable (CARE) Act," a hospital or ambulatory surgical center shall provide each patient or patient's legal guardian with an opportunity to designate a caregiver prior to the patient's discharge. Such designation shall include written

Modifies provisions relating to background checks for certain in-home service providers

Under current law, in-home service providers and home health agencies are guilty of a Class A misdemeanor if they employ a person to provide services to patients who is listed on any of the background checklists in the Family Care Safety Registry. This act repeals that provision and instead provides that such entities shall be guilty of a Class A misdemeanor if they employ a person who is guilty or has pleaded guilty or nolo contendere to certain offenses, is on the Department of Health and Senior Services' employee disqualification list or the Department of Mental Health's employee disqualification registry, or has a finding of child abuse or neglect on the central registry. Additionally, no state or federal financial assistance shall be available to pay for personal care assistance services if the personal care attendant has not undergone this background check process or if the personal care attendant has a disqualifying finding under this act.
